

Testing conditions:

Printability tester	AIC2-5	art.nr. 414
Printing disc	aluminium, 10 mm wide	art.nr. 402.001
Printing force	100 N	
Printing speed	0,2 m/s, constant	
Packing	paper	art.nr. 404.001.005
Setting off paper	reaction paper	

Method of operation:

1. Place the carbonless paper and the set off paper with the reaction sides to each other on the sector.
2. Make a ? print? of the one paper to the other.
3. Measure the density of the ? print? on the set off paper.
